### BIO

Lemurian Donna Carol is the original channel for the Lemurian Mother Goddess, an ancient aspect of Prime Creator. The Mother Goddess lived on a continent in the Pacific Ocean that sunk long ago. This original Garden of Eden was the homeland of the sacred feminine principle. Here, divine nurturance, fertility, honest communication and love were the normal way of life. It is Donna Carol's divine soul mission to bring this energy back to Terra Nova, or Earth.

Donna Carol is a clairvoyant medium and energy healer. Her guides align lightworkers to their soul star and spiritual path. She specializes in informational readings, where the following can be discovered: past lives, divine soul missions, intergalactic origins, and karmic strengths or weaknesses.

## TESTIMONIALS

 / ClairvoyantChannel  / Donna Carol Martens  / Lemurian Donna Carol

“Lemurian Donna Carol's gifts as a channeler, herself, are unsurpassed in my experience. When she brings that gift into a class where she is teaching and channeling, the results are extraordinary. Her breadth of knowledge and insight, and her ability to articulate that with great clarity and sensitivity are remarkable. Combine that, with the teaching and healings from the guides she channels during class, and you have an incredibly powerful situation. It was fun, exciting, inspiring and most encouraging to be in this class!”

**-TSD, SOUTH PEAK HEALING**

“Lemurian Donna Carol's channeling class is in a word, excellent. In short order, she had each of us feeling comfortable and at ease working together. At the beginning of the class, Donna Carol assured us that everyone would leave being able to channel. And we did. The class was so well-organized and flowed, as we learned many different ways to channel, each with its own merit. If you have ever wondered about channeling, take Donna Carol's class.”
